Article 1 The Regulations are formulated according to Academic Regulations, National Central University Regulations on the Degree Examinations for Postgraduate Students.

Article 2 Year of study:

- (a) The year of study is limited to 1-4 years. However, if the required courses are not completed or the thesis is not completed within the prescribed period of study, the period of study may be extended for another one year.
- (b) Students who are pregnant, give birth or are raising children under three years old and have relevant supporting documents may extend their studies by one year.

Article 3 Graduation Requirements:

- (a) The minimum number of credits required for graduation is 36. Required subjects and elective subjects are listed in the attached table.
- (b) 24 credits of required subjects shall be taken.
- (c) At least 12 credits of elective subjects shall be taken.
- (d) The passing score for the courses is 70. Graduation credits will be calculated only when the passing score is reached. Only those who pass all required subjects will meet the graduation credit requirements.

Article 4 Elective subjects are limited to those offered by this institute. Students can also take elective subjects offered by this institute for doctoral and master's degrees, but the credit fees are still calculated and paid according to the credit fees for executive master degree. The elective subjects offered by the full-time professor of this institute in the executive master degree class must be attended by more than five students; the elective subjects offered by the part-time professor of the institute in the executive master degree class must be attended by more than ten students. Only

then can it be opened.

Article 5 The selection of faculty advisor shall be in accordance with the following provisions:

- (a) Graduate students should select a faculty advisor before participating in the oral presentation of the thesis proposal, register at the office of the institute and submit the faculty advisor confirmation form signed by the faculty advisor; when changing the faculty advisor, they must also go to the office to register the change.
- (b) If the faculty advisor of graduate student is not a full-time professor in the institute, he or she should find a co-advisor who is full-time professor in the institute; if the faculty advisor is a professor from another school who is not a part-time professor in this institute, the faculty advisor should obtain the approval of the institute's executive meeting.
- (c) The number of students can be supervised by faculty advisor are regulated in the attached table.

Article 6 Graduate students should write a master's thesis and pass the thesis oral examination. Applicants who apply for thesis oral examination should complete the following procedures in advance:

- (a) If the student's faculty advisor is not a full-time professor of the institute, the oral examination committee for the thesis must include at least one full-time professor of the institute in addition to the co-supervising professor.
- (b) Applicants for the thesis oral examination must apply at least one week before the thesis oral examination date, and the application must not exceed the deadline set by the school.

Article 7 Graduation qualifications for students should meet the following provisions:

- (a) Meet the Graduation Requirements.
- (b) Write a master's thesis and pass the degree examination. The degree examination shall be conducted orally in accordance with National Central University Regulations on the Degree Examinations for Postgraduate Students.

Article 8 Matters not provided for under the Regulations shall be governed by relevant requirements of the Ministry of Education and this University.

Article 9 The Regulations shall be deliberated and adopted by the Institute Affairs Meeting, College Curriculum Committee and shall be implemented following verification with the Academic Affairs Meeting, and this shall apply to amendments thereto.
